

EMP TEK SERIES

EF30T TOWER SPEAKERS

THIS PRODUCT HAS BEEN DISCONTINUED

The EF30T Tower speakers are a 3-way, high performance speaker. Even though the EF30T has a slim profile the design allows room for an 8-inch subwoofer. The side firing subwoofer provides plenty of low end for both music and movies, while the dual 5¼-inch mid-range woofers and the 1-inch tweeter envelope the room with true to life sound.
