

R55Wi

SURROUND SPEAKER

If your home theater requires a smaller footprint for the surround speakers then the R55Wi surround on-wall speaker is the perfect solution. The R55Wi's dual, in-phase 5¼-inch poly-matrix cone woofers deliver high fidelity bass and mid-range frequencies. Bi-polar dual 1-inch fabric dome tweeters distribute articulate high frequencies. Install the R55Wi easily on a wall by using the integrated keyhole brackets on the back of the R55Wi speaker.
