

ULTRA3-SW (55" TV | 65" TV | 75" TV | 85" TV)

SW series

by **rbh** Sound

VERSATILE 3-CHANNEL SPEAKER BAR

SLIM DESIGN WIDE DISPERSION SOUND

Aluminum wide dispersion driver

NEW AMT high detail Tweeter

HDF Cabinet

Magnetic Fabric Grille

The **LOOK** of a soundbar, with the **PERFORMANCE** of a home theater system. This on-wall LCR speaker bar matches the width of most TV's, but the sound explodes far beyond!

With new AMT tweeters and proprietary, wide dispersion mid drivers, this speaker blends perfectly with RBH subwoofers to create a home theater experience you won't believe!

ULTRA3-SW

The **ULTRA3-SW SPEAKER BAR** is an audiophile alternative to the traditional consumer soundbar. It features the look and feel of a soundbar without sacrificing dynamic output. This passive speaker provides the ability to use high quality electronics of your choice to customize performance.

The **ULTRA3-SW** is flexible. It can be configured in one of two ways:

- **THREE CHANNEL mode** (discrete LCR output for home theater sound)
- **CENTER CHANNEL mode** (transforms the entire soundbar into one mono center channel speaker)

This latest edition of the **ULTRA3-SW SPEAKER BAR** updates everything there is to love about this popular product! New AMT tweeters breathe fresh detail into the sound, now providing the same sonic characteristic as other RBH Signature Products. In addition, the all new, specially tuned enclosure (under 3 inches thick with the grille,) is available in four standard size configurations designed to complement widths of the most common television sizes:

55" TV, 65" TV, 75" TV and 85" TV

Custom widths available per request from 48 inches up to maximum 96 inches. Contact your dealer or RBH Sound for details.
