

SFTR/PX

UNRIVALED series

passive modular system

Hand built crossover comprised of specifically chosen high quality components

PASSIVE MODULAR TOWER

CONVENIENT yet EXTRAORDINARY!

You will become completely immersed in sound with the immense power handling of this flexible passive modular tower. The dual, sealed, reference 12" sub supplements the full range 821-SF/R with perfection.

If you are looking for **UNRIVALED** performance with minimum footprint and full-range connection ease, this speaker is the answer. Precision, amazing imaging and pristine musicality.

UNRIVALED SFTR/PX

This modular tower system combines the **821-SF/R** speaker with the **1212-MS/R** subwoofer is governed by a hand-built premium crossover using reference components. Power is provided by your choice of amplification and distributed via a crafted terminal plate and internal Kimber Kable wiring. The subwoofer module is purpose built to supplement the dual 8-inch aluminum mid-woofers and reference AMT tweeter in the top module with depth defying, musical bass. The dual 12-inch reference aluminum sub drivers deliver the sonic impact, clarity and low-end extension of a much larger speaker. You will be amazed at this speaker's dominance in both home theater or critical two channel listening. It is truly an **UNRIVALED** experience.
