

61/PX

UNRIVALED series

Ultimate Fidelity

PASSIVE SPEAKERS - MONITORS

You can realize the hi-fi dream without the extraordinary pricetag! The 61/PX is a no-compromise bookshelf speaker that is sure to dazzle.

High Performance AMT

Top Tier Build Quality

Upgraded internals
Damping, Crossover
& Kimber Kable

Customize your side panels to add style and a bit more sound damping or opt for a more formal studio look with smooth satin finish. Make this speaker uniquely yours!

61/PX

The 61/PX is a natural evolution in performance and design that takes all the good from the 61-SF/R and refines it to an ultimate passive speaker.

Being a relatively small monitor, the baffle size enables imaging characteristics that are extraordinary. The cabinet construction and damping upgrades produce an incredibly inert speaker that has near zero resonance thus minimizing bloatiness. Adding the enhanced bespoke crossover circuitry and Kimber Kable® wiring culminates in reduced electrical smearing and elevated transient response to provide a truly high-end experience. Pair this speaker with your favorite DAC and amplifier and you'll be in audio nirvana.

- Available in black or silver & reference aluminum drivers

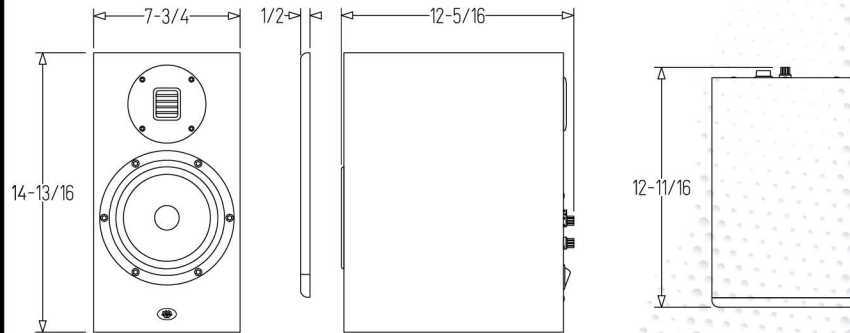

- Provides timbre matched options for multi-channel sound across all freestanding, bookshelf, on-wall and in-wall products in the SF, SV or SI-Series

- Cabinet made in USA of High Density Fiberboard (HDF)

- Available in satin black or side panel options.

61/PX
