## SIGNATURE 12" ON-WALL SUBS

POWERFUL BASS WITHOUT TAKING UP SPACE

**You** need extra bass but you don't have the floorspace? The 12-SW and 1212-SW are the perfect on-wall option to deliver that room filling low frequency effect.

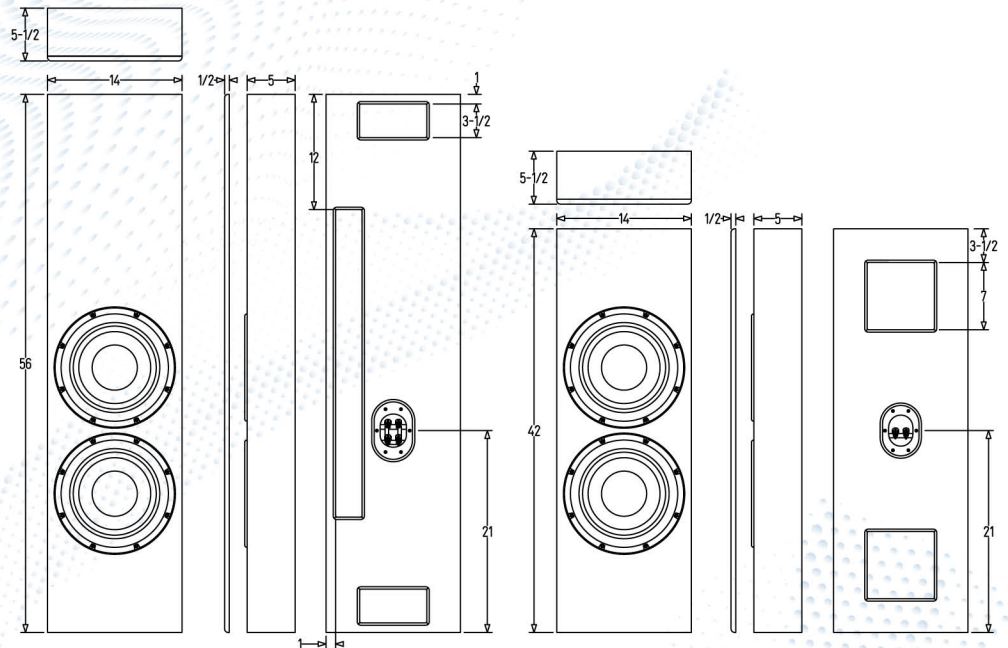

Whether you need 1, 2, or multiples for waveforming, we've got you covered all the while looking beautifully minimalistic in your room.

# 12-SW 1212-SW

The 12-SW and 1212-SW are a fantastic offering to give you that large home theater sound in a profile that is only 5 inches deep. It's a perfect solution to keep your ears and spouse happy. Specifically you can mate the 12-SW with the amazing and size equivalent 831-SW/R to tile the speakers and subs to give a contemporary layout that will look amazing and non-intrusive. With the added benefit of DSP powered amplification, you can truly experience next level sound that is tuned to your room. Mounting is easy via a "French cleat" system and the subs can be mounted horizontally or vertically.

For maximum power in the smallest package, the 1212-SW is sure to delight with exceptional performance.

## On-Wall-SERIES Signature & Reference
